- BRONZE 2024 Nut Beer
& 2019 & 2016 American-style Wheat Beer

Joleen and Brian Durham founded Piney River Brewing Company on their farm in South Central Missouri in 2010. The award winning craft brewery is dedicated to making distinctive craft beers that celebrate the Ozarks.

Main brewery production is in a 12,000 square foot barn built on the farm in 2015. The original barn where Joleen and Brian began the brewery, The BARn, is home to Piney River's mixed fermentation projects and the brewery taproom which is open every weekend, and one of the few breweries in the US where you can enjoy a pint of award winning beer while watching cattle graze in the pasture and the sun set in the hills.
